### ScriboCampus – features

#### [What is Scribo Campus?](#)

Great question! Scribo Campus is a dedicated online service focused on helping all levels of students to excel in English exams and assessment. Scribo campus simply helps every student to write excellent English supported by personalised AI feedback and connected to expert human tutors.

1. Scribo uses AI to generate personalised feedback on your writing. Instant feedback helps your learning stay on track and improving.
2. Scribo Campus brings together expert human English tutors your the feedback loop. Click to talk to a tutor. Every tutor knows how to help you the second you make contact. All of our tutors are expert English Teachers.
3. Scribo Campus tracks your improvement, sending you tailored revision activities and invites to targeted webinars you should attend.

#### [How do I get going with Scribo?](#)

Start by registering with Scribo and doing a free writing assessment. We send you a you a full writing report with your score as soon as you have completed the activity.

When you are ready to join Scribo College, simply choose a Writing package. Talk to us anytime about how we can help you.

#### [Does AI get everything right , all the time?](#)

No, is the answer. While AI is learning more and more every day, AI can still miss things and make mistakes.

AI is an amazing resource that gets smarter all the time. AI can really save you time. When you compare the number of mistakes you can make and not find yourself , you won't want to be without Scribo AI on your side.

Don't forget that you can click to talk to a tutor , depending on the plan that you have with us.

### [How do I register for access to Scribo?](#)

There is a link on the Web Site for new students to try Scribo out.

### [What level of Student does Scribo apply to?](#)

Scribo is used from Years 1 through to Tertiary,

### [Does Scribo give Students feedback?](#)

Yes. When Scribo AI checks your text, Scribo also creates feedback that helps you move forwards with a solution to what is found. Scribo does so much more than simply correct your grammar, punctuation and spelling. All feedback is instant for students.

Scribo Delivery
