

Be PSLE Ready

Description

SCRIBO HELPs get you ready for PSLE 2023

Speaking English in exam conditions is nerve-racking. Vocabulary and the finer points of cohesion make a big difference to your overall score. Practising different scenarios and word combinations makes you more confident and exam ready.

Presto gives you a full range of speaking examples and a detailed analysis for each word. Practice over and over, and Presto will score you each time.

TOEIC / TOEFL Speaking

Presto AI uses leading speech recognition technology designed specifically for assessing pronunciation and fluency.

Our vision is to make practising and improving speaking possible without intensive 1 on 1 instruction.

AI provides immediate pin-pointed feedback on mistakes at word level. This helps motivate and engage the learner to listen, hear mistakes, and then try again. There is no limit to how many times a student can practice the 30-second scripted voice recordings.

30-second speaking blocks bring out the best test results without being overwhelming.

Presto Speaking is a comprehensive AI-driven assessment capability.

1. Recount prepared reading scripts to get an instant score and assessment.
2. Your speaking is scored against IELTS, CEFR, PTE and TOEFL in seconds.
3. Try again and again.
