Vision works
for teachers,
students and
parents!

APPLICATION

Handwriting plays a crucial role in writing development. **Vision** connects handwritten texts into a journey of writing improvement.

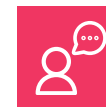

HELPING PARENTS TO HELP

Giving writing advice is tough as a parent. **Vision** does the job, giving parents a focus on where to help guide and support their child.

STUDENT EXPERIENCE

Writing scaffolds keep students on track as they write. Students snap a picture of their writing and receive instant feedback and estimated grades using the PSLE criteria.

AUTHENTIC

Authenticity shines through in handwriting. Enhancing English writing abilities is now both effective and enjoyable.

PRIVACY

Student and teacher data is safe, protected and private.

Story Planning

We will use the story tree scaffold to help you plan your story and the story journey you want to present.

The diagram shows a mountain shape with various stages labeled: Story Orientation, Build Up, Problems, Rising Action, Series of events to climax, Resolution, Falling Action, and Lesson Learned.

There are 6 Planning Cards following, one for each of the stages on the story tree scaffold. At the top of each planning card, there is space for you to make notes.

Preview

A photograph of a tablet displaying a handwritten story titled "The Case". The text is written in cursive and describes a character named Casel who helps a king.
